AT A GLANCE

- ❖ **Founder / Director**
- ❖ MS, Special Education
- ❖ MA, English Literature
- ❖ Educator of the Year (Learning Disabilities Association)
- ❖ Counseling parents, mentoring teachers
- ❖ Making a difference in the lives of children and their families

Ms. Priya Guttal has been making a difference in the field of education since 1992. She has solid classroom teaching, one-on-one tutoring, and school administration experience.

During her teaching career, she developed an acute interest in teaching children with special needs. This led to her decision to pursue an MS degree in Special Education. During this program she learned a great deal about working with children in regular as well as special education class, US disability laws, and the public education system.

The philosophy of her school is based on small class size, ample teacher-student interaction, stress-free, calm environment, and regular parent feedback.

It is Priya's mission to turn kids around by improving their self-esteem and self-confidence. She achieves this by devising individualized curriculum, allowing children to learn at their own pace, focusing on basic important skills, and making learning desirable and enjoyable.

Learning Disabilities Association of California has recognized Priya's hard work, patience, philosophy, and passion towards teaching by honoring her with the Educator of the Year Award.

Contact Priya by phone (949) 206-9668 or by e-mail priya@sonrisaschool.org.

"I am most impressed with Priya's gift of patience, love and true concern for the children. Priya is honest and straightforward in her dealing with parents. I could count on her to keep me informed of my son's progress, activities, and her ideas to resolve any issues that may arise."
